SUMMARY

Senior Data Strategist and Analytics Engineer with 10+ years of experience in data modeling, BI development, and ETL automation. Proven record of delivering multi-million dollar cost savings, optimizing data pipelines, and leading analytics teams to drive measurable business impact. Skilled at translating complex data into actionable insights across retail, media, and consumer industries — available for consulting engagements at rosscarhart.com.

EXPERIENCE

Senior Data Strategist

Oct 2024 – Present

Abercrombie & Fitch • Remote

- ▶ Architected a comprehensive customer data model enabling marketing, decision sciences, and product teams to build KPIs, analyze campaigns, and optimize audience targeting.
- ▶ Trained and mentored analysts in SQL, BI tools, and data modeling, elevating team efficiency and data literacy.
- ▶ Developed Power BI reports for Returns, Fraud, and Abuse, leading to a \$2M reduction in costs.
- ▶ Built affiliate analytics reporting in Power BI that reduced reconciliation inefficiencies, saving \$3M annually.

Senior Analytics Engineer

Apr 2023 – Oct 2024

Doner Media • Remote

- ▶ Implemented a dbt project to streamline data transformation processes, increasing scalability and governance.
- ▶ Automated marketing campaign data extraction using open-source platforms, reducing data acquisition costs.
- ▶ Delivered client-facing Tableau and Power BI dashboards for UPS, McDonald's, CableOne, and Owens Corning, improving business insights and client satisfaction.
- ▶ Optimized pipelines through code refactoring, reducing runtimes by 30%.

Senior Data Analyst

Sept 2021 – Apr 2023

GNC • Pittsburgh, PA

- ▶ Grew subscription business 200% by designing new KPIs to better market and measure subscription customers.
- ▶ Automated reporting in Tableau and Power BI, eliminating repetitive ad-hoc requests and saving analyst time.

- ▶ Built automated discontinued-product tracking to deplete inventory and reduce out-of-stock notices.
- ▶ Detected and fixed bugs in inventory algorithms and marketing campaigns, improving fulfillment by 10% and reducing customer spam.
- ▶ Designed A/B tests to measure marketing effectiveness and developed pipelines to monitor competitors' social, SEO, and retail data.
- ▶ Managed and mentored analysts and interns.

Data Analyst

Nov 2017 – Sept 2021

TruFoodMfg • Pittsburgh, PA

- ▶ Created BI dashboards for executives and plant managers, enabling data-driven decision-making in factory operations.
- ▶ Developed and tracked KPIs that reduced downtime by 25% and lowered operating costs by 10%.
- ▶ Managed Tableau Server and ensured robust reporting through rigorous data quality processes.
- ▶ Established a Quality Metric for a corporate bonus program, incentivizing employees to prioritize quality.

Data Analyst

2015 – 2017

SDC Nutrition • Pittsburgh, PA
